NUMBER ONE FOR PLANT HIRE  
OPERATED AND SELF DRIVE HIRE

## Don't Walk By

Please note that Carillion are operating a "Don't Walk By" strategy in which the emphasis is for everyone to have ownership for their own health and safety and that of others.

The "Don't Walk By" strategy is about creating a culture of awareness and openness in which people have the confidence to identify and challenge un-safe acts, conditions and make suggestions for improvement.

Please note that when on a Carillion site you can record any observations on a DWB feedback card. You do not need to put your name on it if you don't want to.

Drop the Observation in a box provided on site, or give it to the Supervisor, Site Agent or Project Manager.

You will then receive personnel feedback on what is being done about your comments

This will also be posted on the "What you said, what we did" board on site.

Please note that the Don't Walk By process can also be reported by the following processes.

Online reporting via Desktop, Laptop or Smart Phone to [www.dontwalkby.net](http://www.dontwalkby.net)

You can also submit your DWB by text or picture message to 07966 431087

Carillion will be holding a draw in December in which one lucky entry will get a £50 M&S voucher.

Simon Fear  
Rail Plant Manager
